Adjustable Electrician Knife ▌DAK NEW

- Alloy tool steel blade (DAK-1) for easy sharpening. Rust-resistant stainless steel blade (DAK-2)
- Blade length can be adjusted to suit actual work (0 to 63 mm/slide pitch 5 mm).
- Safe because the blade can be stored, and compact when carrying or storing.
- Self-locking slide. The dial on the backside prevents the blade from rattling.
- The blade is replaceable. The blade is removable for sharpening.
- The elastomer body prevents slipping and ensures a firm grip.
- Equipped with a slit blade for easy vertical splitting of VVF (VA wire) sheath.
- With an anti-drop lanyard attachment hole.
- Made in China

Adjustable Electrician Knife No.DAK
Hoder for Adjustable Electrician Knife No.TPK

Electrician knife with a length-adjustable blade.

Dedicated holder is released at the same time!

Adjustable blade length, according to the wire sizes. Effective power transmission. Safe and comfort work!

Adjustable Electrician Knife No.DAK

Overall Length
172mm

[Safe] Slit Blade for Splitting Sheath
Can split the sheath of the VVF (VA cable) while the blade is fully stored in the body.

[Safe] Anti-drop lanyard attachment hole
Attach an anti-drop lanyard and prevent accidents due to dropping of tools.

[Safe] Elastomer Grip
Diamond-shaped pattern on the body fits the gloved hand and prevents slipping.

Blade is Replaceable.
Blade can be taken out after removing the cap and pushing out the slider.

Slide Lock
Adjust the blade length with the slider. It does not move when the hand is off.

Thumb Pad
Can transmit power firmly to the blade.

☞POINT①

☞Released at the same time

Dedicated holder retaining the tools securely.
The Adjustable Electrician Knife can be put into the holder smoothly.
Special shape prevents dropping.
Comes with a D-ring to attach an anti-drop lanyard.
Supports the belt width up to 60mm.

⚠Caution **Keep the blade into the body when taking it in and out of the holder.**

TPK-10 for 1pc. Adjustable Electrician Knife
TPK-20 for 1pc. Adjustable Electrician Knife and additional 1pc. of tool such as wire stripper, and so on.
TPK-30 for 1pc. Adjustable Electrician Knife and additional 2pcs. of tool such as plier, and so on.

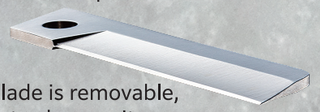
The neck shape retains the Electrician Knife securely.

☞POINT②

Dial-type Lock
Prevents the blade from rattling.
Enables to cut with accuracy.
(Reverse screw is adopted to avoid easy loosening.)

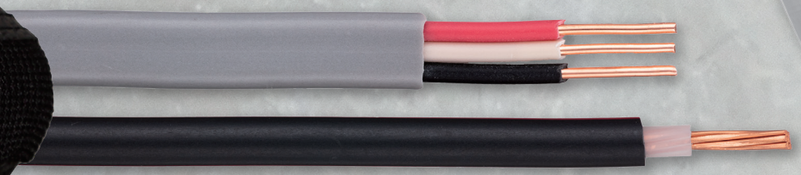
☞POINT③

2 types of blade material to choose <Interchangeable>
Alloy tool steel for easy sharpening of the blade edge.
DAK-1 (Replacement blade : DAKB-1)
Rust-resistant stainless steel blade
DAK-2 (Replacement blade : DAKB-2)



As the blade is removable, it is easy to sharpen it.

Because of blade thickness, the blade edge will not go deep into the cable or damage the wires, either.



☞POINT④

Max. Blade Length 63mm
Blade has a 5mm slide pitch and can be stored inside the body.
Compact and convenient to carry.

Applications For splitting the sheath of VVF cable (VA cable) and CV wire, cutting PF pipes, making plane the board opening, and so on.
